Memo

Serial No. 2

In his No. 876 of 29th Novr. 1900 the Presidt. of the Commrs. in the Bangalore Distt. proposed the abolition of the post of manager employed in working the horse water pumps in Closepet as recommended by the Commrs. Board & the Asstt. Commr. in charge of Closepet Sub Div. inasmuch as the management of the pumps could be effected by a watcher on Rs 6 a month.

Vide docket No 8200 of 18/12/00 (No 3)

2. The Presidt. was thereupon asked to state under what circumstances the services of the manager, which were considered indispensable only a year back, were then considered unnecessary, whether the watcher proposed to be employed on the work had learnt how to work the pumps & what service the manager had put in & those he proposed to provide him.

Letter No. 1419 of 19/3/01 (No. 4)

3. In reply the Presidt. reported that the manager has not been doing his work properly from the beginning; moreover, the

the work, that the proposed watcher is well acquainted with the working of the pumps & can look after it, that the manager has put in a service of about a year and that the Sub-Divn Officer proposes to employ him in the Electric Dept if his present post is abolished.

The post of manager has been abolished by Govt

Pro: No 13181-2 dy 6/4/01 (No 5)

The petitioner in addressing this petition to Govt complains that his post was abolished but has not been provided elsewhere. The Taluk authorities say that no suitable appointment as exists, where no final orders were passed by Govt on the petition presented in person on 21 8 01 Pet. Hence form

The Dy Commissioner appointed in anticipation of sanction 2 men in lieu of 1 watcher on 6 Rs The President therefore proposes to do away with the watcher and to employ the services of two brothers Raghunath Singh and Gopal Singh, and to give them a sum of Rs 10 p. m to look after the pumps; and states that as the brothers are professional blacksmiths they can also attend to any petty repairs to be found necessary to the pumps from time to time, ~~with~~ in addition to their work.

It is irregular on the part of the Dy Commissioner to have anticipated Govt sanction ~~and~~ to excess: the sanctioned expenditure being Rs 4 per mensem. The resolution of the Board if not rescinded will thus be called for to sanction the exclamation of the Dy Commissioner for

It may also be observed that the difference between Rs 72/- per ~~annum~~ as already sanctioned and Rs 120/- as now proposed by the Dy Engineer and the President is too ~~great~~ large and that ~~this is not~~ because both the brothers are professional blacksmiths & might attend to petty repairs occasionally, it is undesirable that the Municipality should be put to this additional expense, & that therefore the President should appoint another competent Waldee on Rs 6/- per mensem, as both the Municipal Board and the Asst Comm^r in charge of the Division have decided so far back as 29th November 1900 that the management of the pump could be effected by a Waldee on Rs 6 per mensem. Sir,

With reference to the remarks made in Budget form II of the Chamarajpet Municipality for the year 1900-1901 submitted with this Office letter No 182 dated the 22nd August 1900, regarding the working of the Water Measures part-I (Closepet) I have the honor to report as follows -

2. Appeals were received to the effect stating reasons, & asking for reducing his opinion as to the necessity of retaining the

services of the Water Munshi for the management of the Korea Water Supply pumps, but he left the matter for the decision of the Municipal Board. Already pointed out the Municipal Board and the Assistant Commissioner in charge of the Cossipore Division decided to do away with the appointment as the management of the pumps could be effected by a watcher on Rs 6/- a month.

3. Under these circumstances I think it desirable to abolish the post of Water Munshi & have in his stead a watcher whose appointment may be provided in the Budget. A saving of Rs 20/- per annum will be effected.

ABSTRACT

States that he was a permanently appointed by the Engineer on 26.9.1898 as water Manegar on Rs 12/- to supervise over the water supply of Cooke Pal town, that he had the work for 1 year and 2 months, that on the resolution of the Chennapa Municipal Board, the post of water Manegar was abolished from the 1st of October 1904, that he was retrenched from the abolished post

Manegar is post but at the same time ordered that the petr should be given the post of octroi manegar instead; that the Taluk authorities have carried out the order of Govt as regards the abolition of the petrs (water-Manegari) post, but have not provided him with a post in the octroi as per order of Govt; that on complaint, he has been given endt no 112 dated 16-8-04 by the Dy Asildar to the effect that there is no proper vacancy to be conferred on the petr; and that he has been suffering very much for maintenance.

The petr further states that the octroi work required is being now attended to by the Shanbhag of Icarka and 4 or 5 other villages, in addition.

Prays that he may be given the post in the Octroi as per order of Govt

Sir,

I have the honor to submit that the services of a water manager on a pay of Rs 12/ per mensem, entertained to work the Korea water pumps at Closepet was abolished, as per Government Proceedings No. 13181—2 / 2736-1900 dated 6th April 1901. In his stead the services of a watcher on Rs 6/- per

per mensem were employed, as per sanction communicated in the sanctioned Municipal budget for the year 1900-1901.

2. Now the Deputy Amildar and Vice President of Hoshet reports that one Gopal Singh who had been appointed as watcher on Rs 6/ has been on leave for the last one year and that the substitute appointed in his place proved quite unfit to attend to the work connected with the hunds. Prompt arrangements being found necessary for keeping the hunds in working order, the Deputy Amildar states that in anticipation of sanction, he had to employ the services of two brothers Raghunath Singh and Gopal Singh — professional black smiths and proposes to give them a sum of Rs 10/- per mensem and do away with the watcher.

also can look after the petty repairs to be found necessary from time to time

3. A lump sum of Rs 450/- is earmarked under VIII P. W (a) Supervision Establishment for the Arora water supply pump in the current year's Municipal budget. The lifting of water from the reservoir is given out on contract for Rs 25/- per mensem or Rs 300/- a year. This leaves a balance of Rs 150/- from which the cost of Rs 120/- now proposed to be incurred may be met.
